WWWG PRODUCTIONS LTD. SINGAPORE Copyright 2022

## **OH MY...WHAT HAS EMIL WROUGHT?**

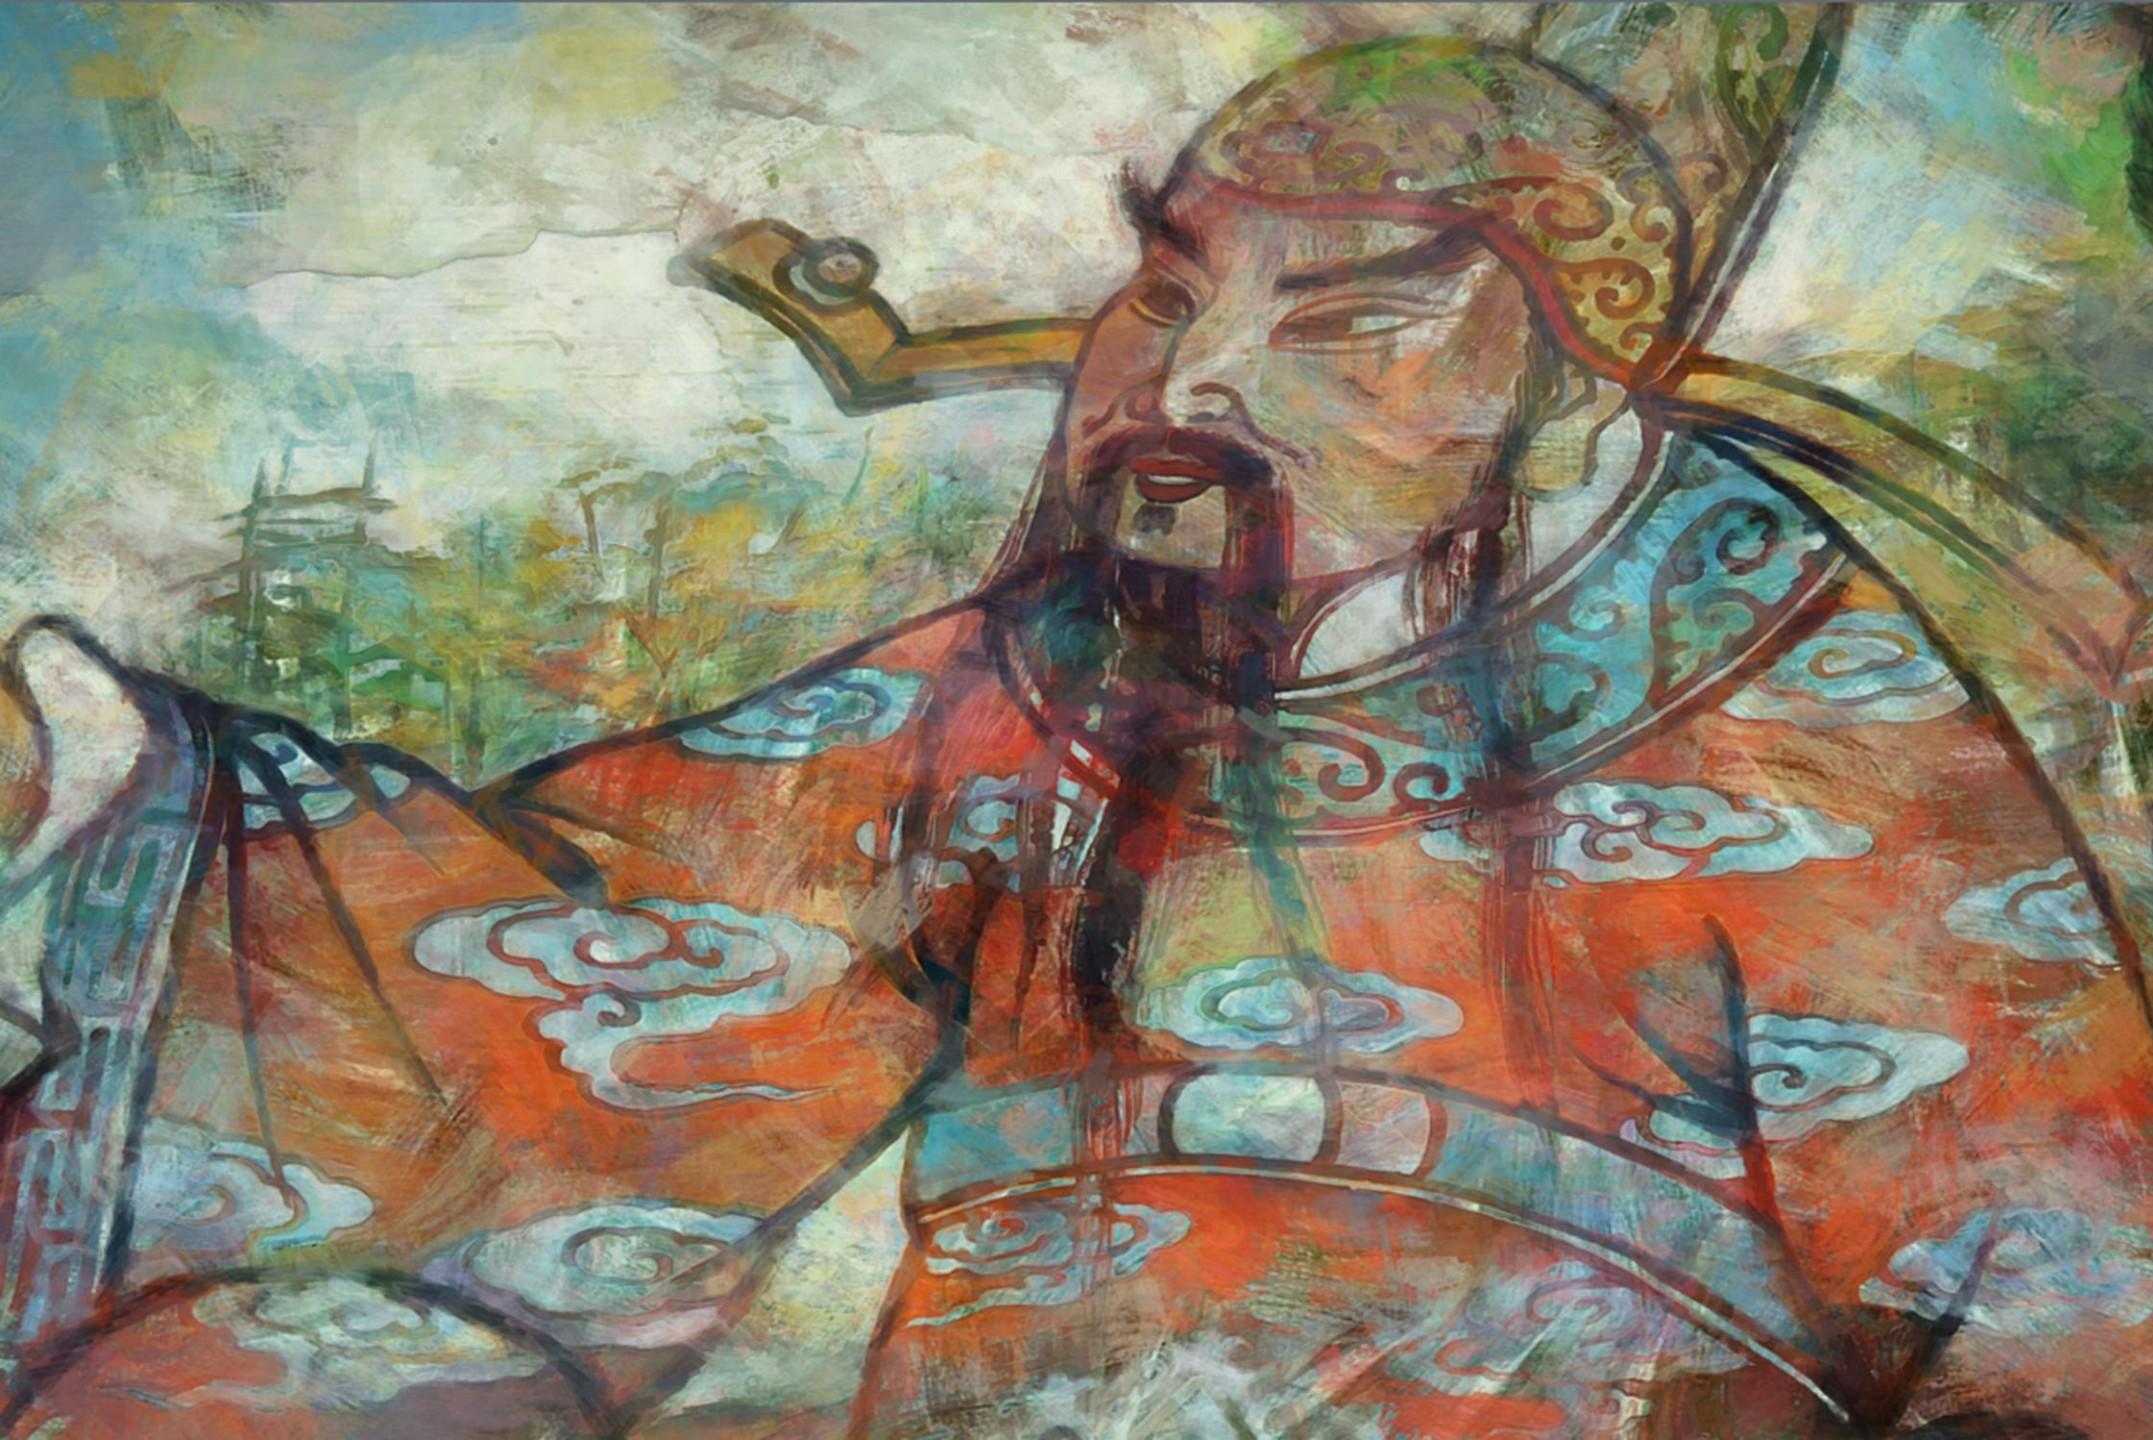

Someday, a far distant generation will spend much of their academic careers in a vain attempt to unravel the hidden code(s) that they claim Emil embedded within his collective work...not unlike Bobby Dylan. Doubt that?

You are too close and may have had some type of interaction with The Emil...the rouge, social deviant who was cast out to the fringes of the dying empire as polite society found his opinion(s) downright radical in what he claim to be merely an adherence to the fabled mantra of hell “The truth is always the truth.”

(funny since they have several restraining orders that prevent him from coming within 500 meters of any recruiting centers, store-front(s) and/or any of the main entrance/intake centers)

So, we come to this edition which I will venture will be heavily footnoted in those future studies but, to us old Emil hands; we know this was Emil just being Emil... “NUFF SAIDZ!”

**SEINE**

# Emil

**WARNING:** The new book is being assembled out in the wasteland where Emil and all of his fellow social deviants (those with super negative social credit scores) roar out into the cold of the empty night with the rage of those erased by those who knew not the cost nor value to the warning(s) they spoke in all earnest truth.

## **LIKE WOW!**

Too much cheap, non-fact checked nonsense especially when all I have only a rough cover and a few random pages of (somewhat strange - even by my standards) illustrations that may or may not make the final cut back down on the WWWG Plantation (someday, I am hoping to be re-educated enough to be a proper Porch Monkey as I hear tell that they get some pay!)

Regular readers are rolling their eyes at that last comment...

OK...I put that there to reassure my corporate slave masters in case they decide to not include my lodge room cell's mini-bar as a business expense. "Nuff Said?????"

## **COMPUTER IS BACK RUNNING...**

WELL! Kind of...sort of but it is burping and the honest repair man pleaded with me to not spend a lot of money on upgrading this "dead dog."

He then went on to confuse me by comparing my old faithful computer to a cat...a cat???

His direct words were:

*"You know how they say a cat has nine lives? Your computer is on its tenth...and I don't want to be hurtful but, it does belong either in a museum or a landfill..."*

He fixed it, got it up and running for about \$9 (USD). I told you he was honest as I was willing to spend my last \$300 to get it going.

He didn't sell me the extra memory or the new video card I was demanding...he said: *"Please don't do that!"*

Anyway...it is a pain reinstalling layers of multi-generational software(s) and like you would remember all of those dang serial numbers, either...be truthful!

Tested it out a while ago and this came up and I am thinking not bad for this dead dog who lived its life like a cat...

# TOO FEW

Few of our younger generation truly understand war as their closest associations are watching "A-Team" reruns on Hulu or when someone rude cuts in line at their favorite coffee shop.

The few who do know are not bingeing on CNC Coverage. They aren't lighting up the TWIT with their newest mean meme about that Bad Man Putin and they definitely aren't consumed in a wild, interpret dance for the Ukrainian People on the Tickie Tockee.

If you see them, they are in a religious house praying that our mad and corrupt leaders will quit waving their sabers, quite taking political donations from the International War Machine and seek peace...everyone talking is the way all wars end...hopefully...before millions more die for the corporate bottom line of them might gun merchants...NO! I ain't talking about Nichols Cage...he played one in that movie.

## **SEEING YOUR KIDS OFF TO WAR HE WON'T FIGHT**

The old man rode down the public square, raised his rusted, old saber, screamed "*Off to the war*" and then; he rode back to his nice, gated-community home and continued to watch the war live on CNNister...with videos from 2014. Like so many other old men making the rounds on cable news; he will never need to go and since his children are all in college; neither will they... Then I recall that back in 1972, George McGovern was running for president and someone in the crowd asked him how he planned on stopping the Vietnam War; he paused for a moment and then answered:

*"On day one, I will draft all congressmen, senators and ship them off to Vietnam..."*

Again he paused for that to sink in and then he quietly added:

*"And the war will be over before noon!"*

Bobby Kennedy once told me that Senator McGovern was the most honest man in the senate... after this, I knew it was true.

## THE TIMES TURNED AGAINST US!

She turned away from the bar and giggled as she attempted to explain that time is cruel...

*"It sucks how everything and everyone just moves on and nothing can like ever stay the same...Well, my friend, it is ever so true that we too all seemed to have just upped and moved on..."*

My immediate response came rather promptly, without any hesitation or studder, I boldly said:  
*"Only in distance, not in mind nor heart...times and events can radically change the world but friendship overcomes it all..."*

After pausing for a few moments to pounder what I had just said and then, she added:

*"That is some serious, bat-shit crazy talk...Dude, you sound like a bad forty-nine cent greeting card that my grandmother would have sent..."*

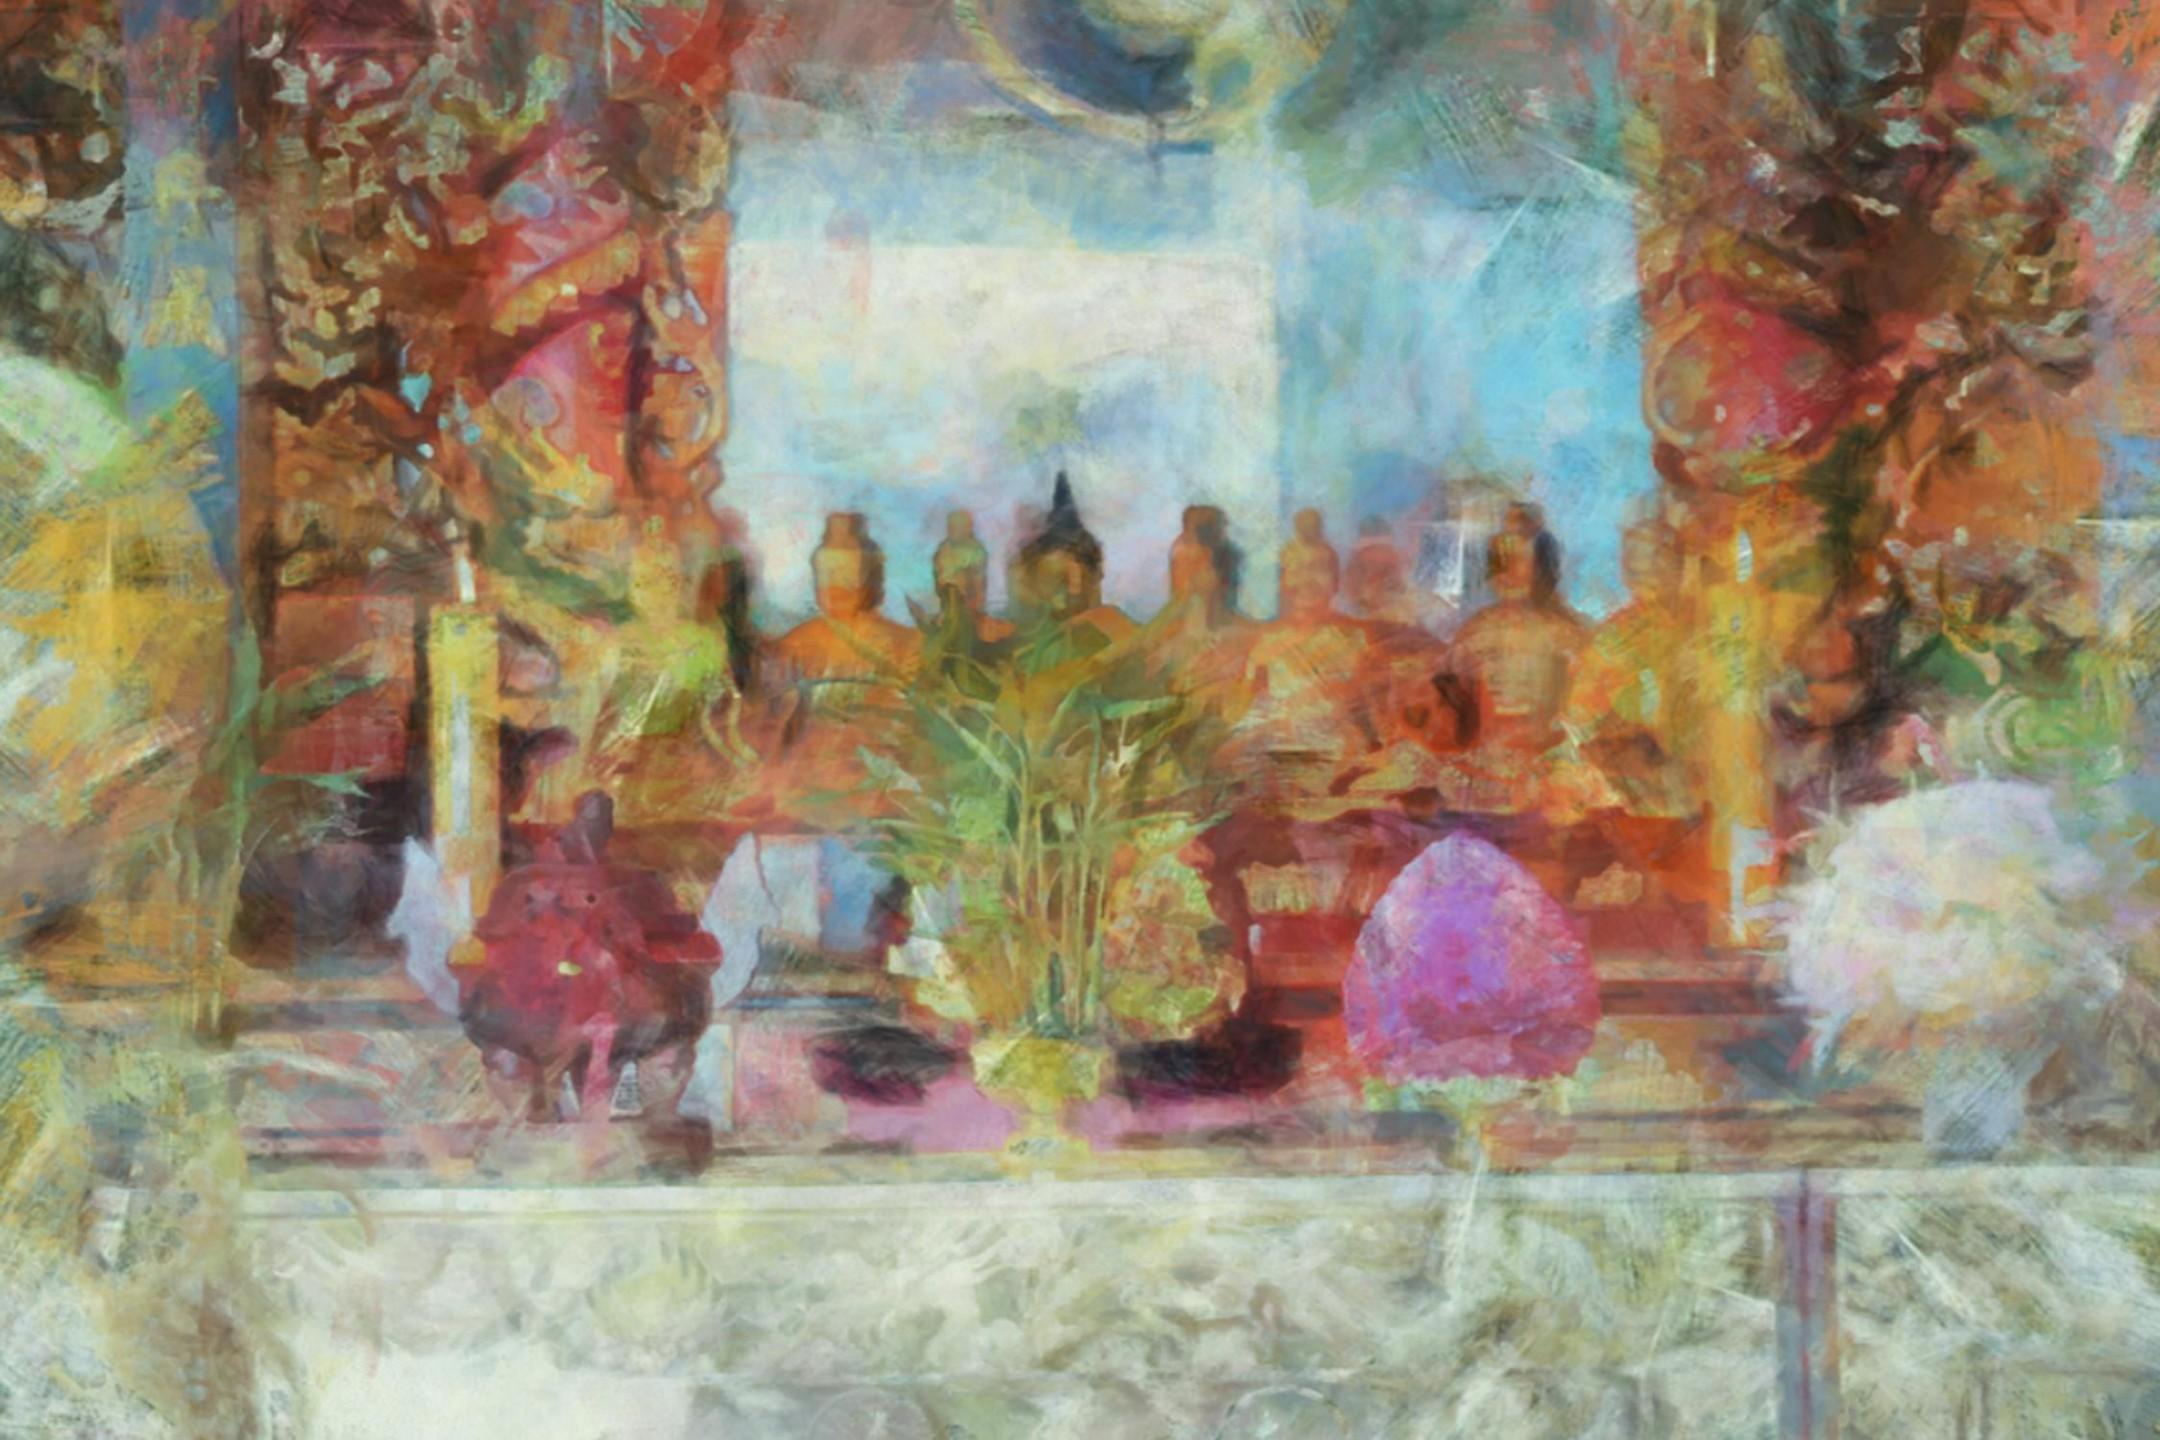

Not wanting to draw sabers with her as she was the bartender and I was running a rather large tab that may or may not be covered by my corporate slave masters down at the WWWG Plantation; I nodded quietly and returned to my drink.

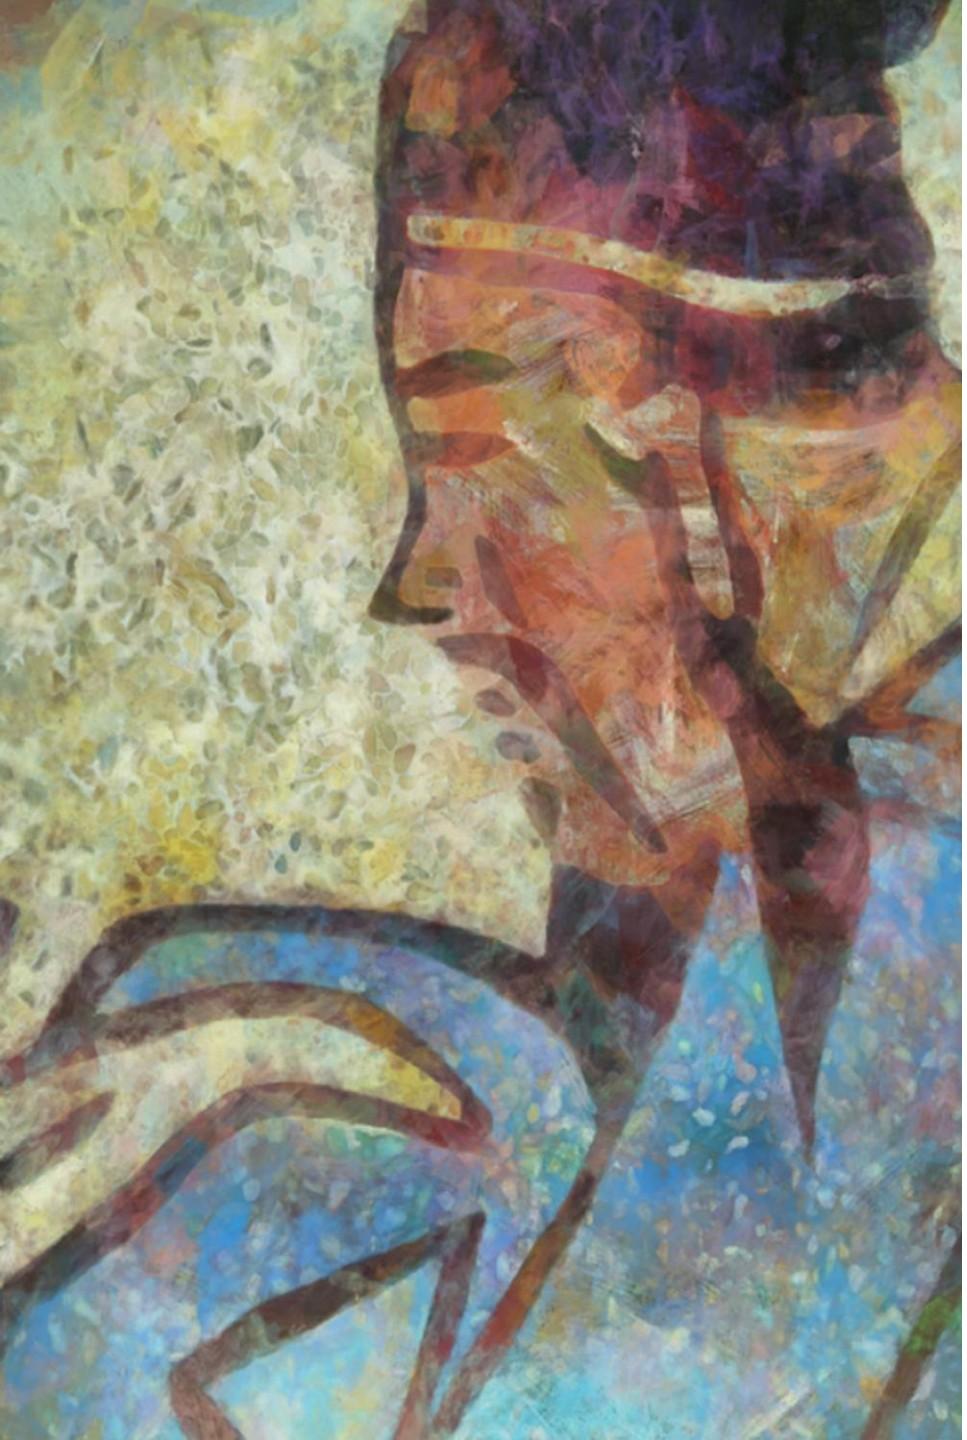

# Emil

*"Unlike his better known cousin, Puff de Magic Dragon, Clyde de Dragon had a brief career as a Godzilla stunt double until he got caught up in the Hollywood Party Scene and after a long series of drug busts; he was reduced to panhandling down on the Venice Boardwalk...terribly...sad..."*

# ATTENTION ALL READERS...

*"...here in Chachoengsao, down by the cool breezes of the wide passing river; located behind the giant **WAT SOTHON** there is a rather nice Chinese Temple where you are met with friendly smiles and they actually do encourage you to take photos...unlike the rent-a-cops at Wat Sothon!"*

{Then the intercom goes deaf, you can hear a loud, scary scuffle and then a different voice cuts in}

# ATTENTION ALL READERS...

Greetings comrade passengers/readers...we are here from the Emil Anti-Defamation league and we are taking this book to Cuba...

Naw! Just joking, but we are officially hijacking this book from yet another temple book and we plan to dump it directly into an uneasy sea of random Emil thoughts and Zombie Samples. Please put your seat trays in the up position and keep your seat belts firmly attached in case of any turbulent generated by FaceeBookie elite, anti-Emil fact checkers or counter-tweets by **WOKE TWITS...**

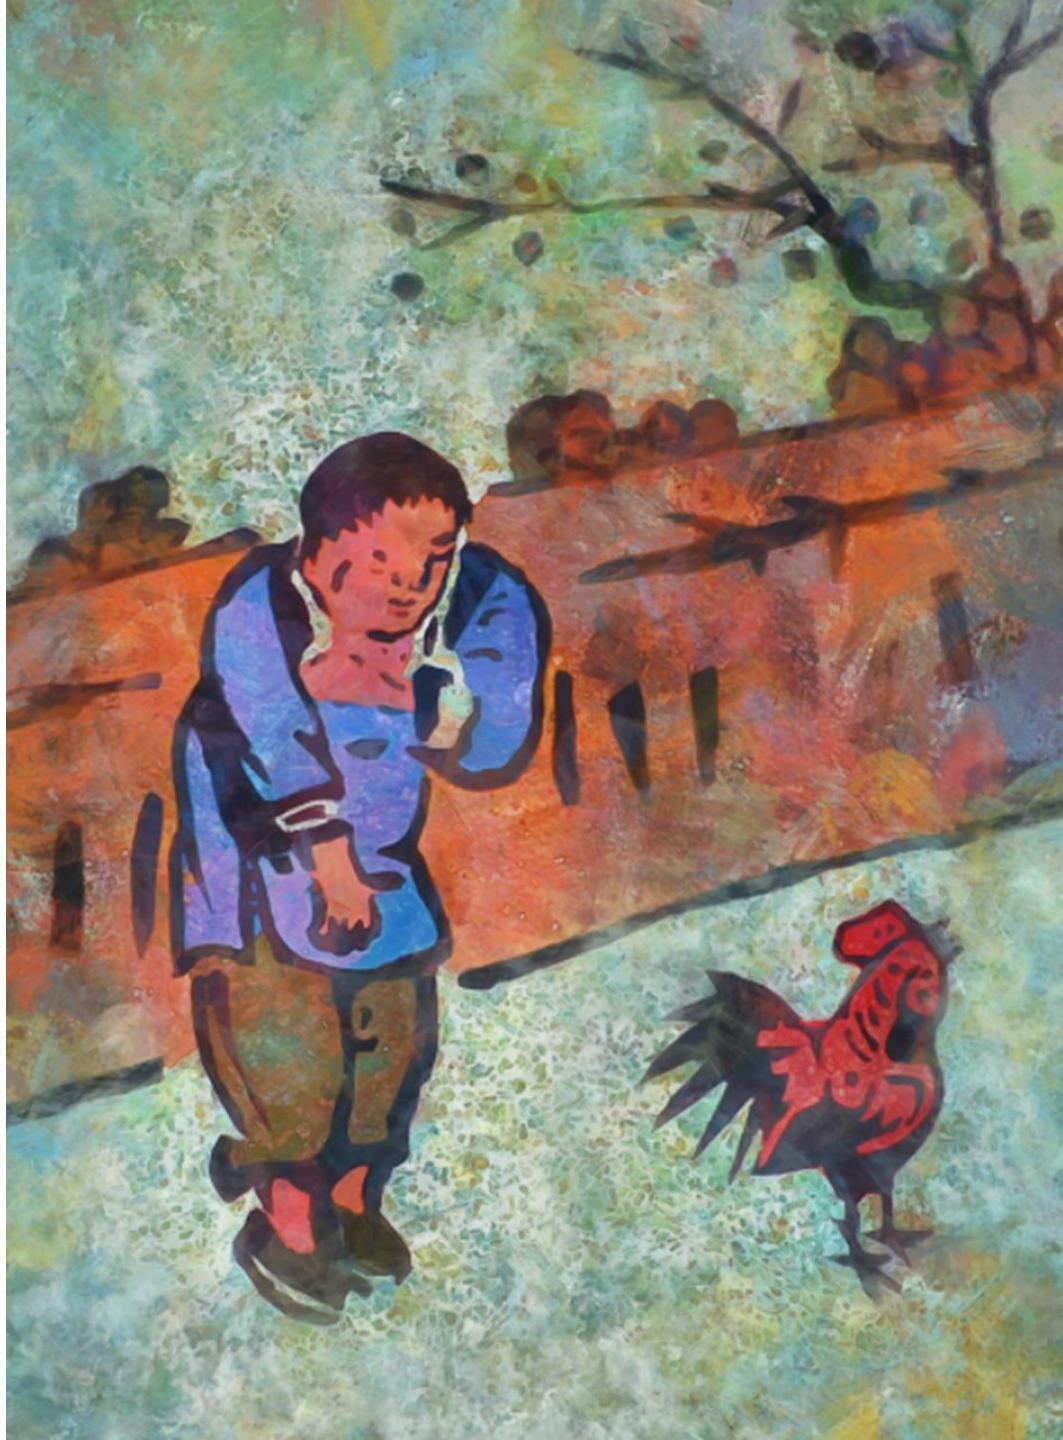

# ATTENTION ALL READERS...

If you will now turn your attention to your seat entertainment and Emil will be addressing you, directly from an undisclosed location

**(NO! Not the Dickie Chaney Ranch!)**

and as your new flight captain...let me say, it is a pleasure to have you all aboard, hope you will enjoy the current read and one final note (a paid announcement) from Emil's corporate slave masters at the Plantation WWWG:

*"WWWG holds no direct/indirect legal responsibility for anything that Emil does...and, while we strongly disagree with this hijacking; our legal beagle (Ms. Kimmie) asked us to strongly state that there will be no refunds or exchanges as WWWG will never deal with Emil Terrorists! Now, back to your hijack current in progress..."*

*Everyone always said that Master Fu was a dead ringer for that wizard guy from the "Lord of the Rings" and to be truthful; it did get us more than a few FREE lunches.*

# PAUSE WITH ME...

Please take a moment of reflection and help me mourn the death of yet another creative work at the printer-inked stained hands of what WWWG proudly refers to as their newest, greatest yet invention of WOKE Oppression...called a "marketing focus adjustment committee" staffed by the brave woke warriors that Seine has hired away from their studies at one of Singapore's lower rent vocational school (for ungifted students but, whose parents are "Crazy Rich"...Ya all remember the movie, right?)

Their marketing business plan is to sit in the nearby Starbucks and pester customers with random samples of a new creation or maybe, they just polled the cleaning staff (from the 2nd floor) who for some odd reason recent my lack of mastery in the English Language...??? Anyway...they eighty-sixed my last two formats as being "too artist..."

# PAUSE WITH ME...

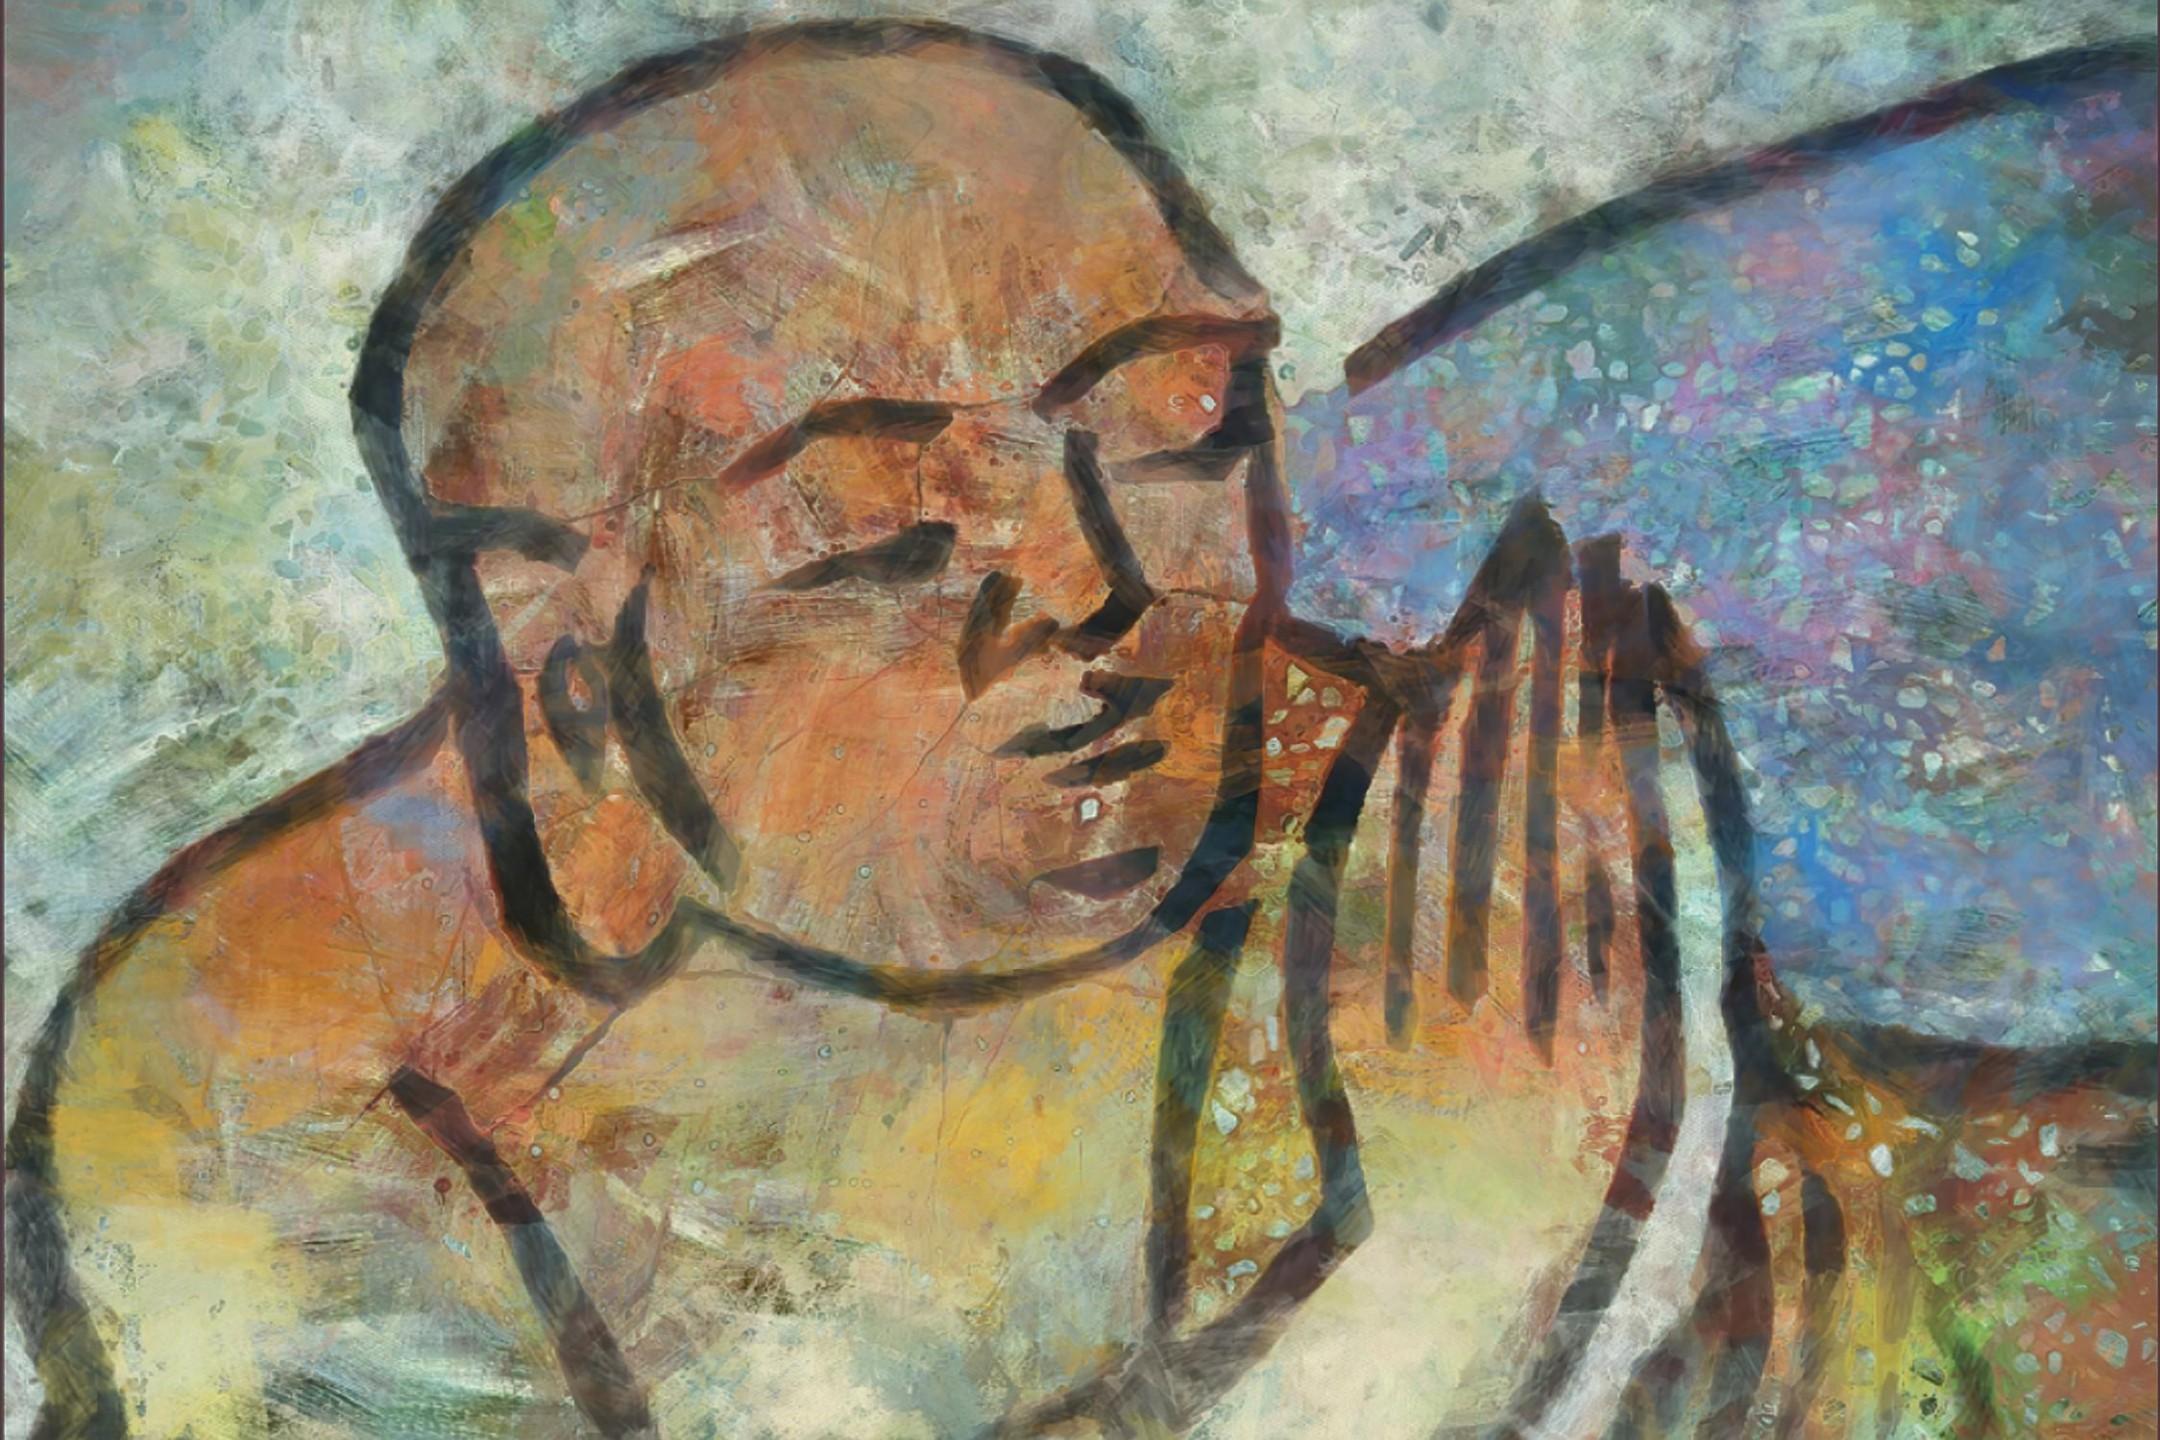

***WHATZ!!!???*** *Too Artistic????*

As I explained before...less fotos per page makes my job easier...for the life of me; they have yet to catch on...

After another night of extremely testy telex exchanges; they grew tried and I got this as a reward for my efforts!

## **MAKE THE INTERNET FREE AGAIN OR GIVE US BACK OUR BBS's!**

In the olden days (before the internet) we didn't need some faceless stranger to decide what was true or not. We listened to both sides and made up our own mind.

Today, our Warlord, Tech Overlords who have convinced us that they own the public's internet see us as too feeble minded or too lazy to allow us to do this anymore...

### **{Side Bar Note}**

Recently, this was my response and as of yet; I am still waiting for a proper response {if you visit and I am gone...then you know what their response back to was}

## **DEAR FACIE BOOKEE:**

Who is your fact checker that claims false info was presented?

What is this person's connection and/or authority to make this claim?

## **MAKE THE INTERNET FREE AGAIN OR GIVE US BACK OUR BBS's!**

What is this person's proven insight(s) other than they didn't like the message?

What is their political affiliation(s) or funding sources?

Please present further details as otherwise; what is to prevent me from utilizing my own fact checkers to say that your fact check is not only wrong but is spreading false information themselves??? I look forward to your response...

As of this point all you have presented is an opinion from someone who is not known by me and then question and to slander my good name...by using your ability to try to bully me into shutting up if you disagree with my opinion.

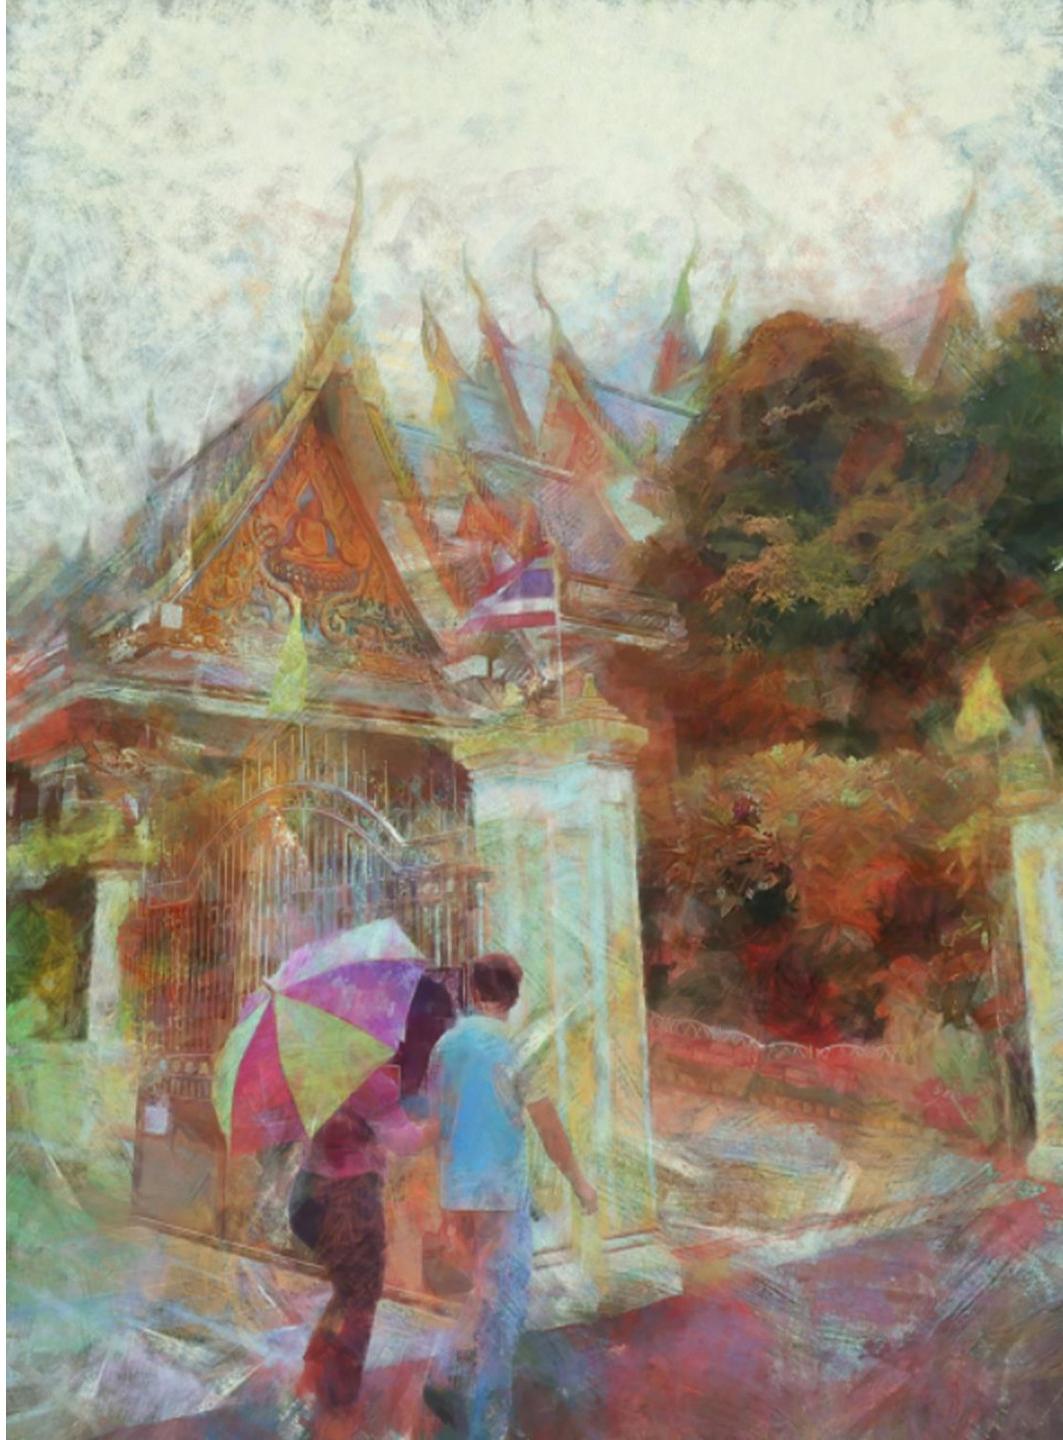

Please remember the mantra of hell "The truth is always the truth" and no matter how much you disagree; in the end the truth like DeHunter's Laptop is true...according to the NYT...see why I may question your fact checkers to be any more truthful now than they were then...?

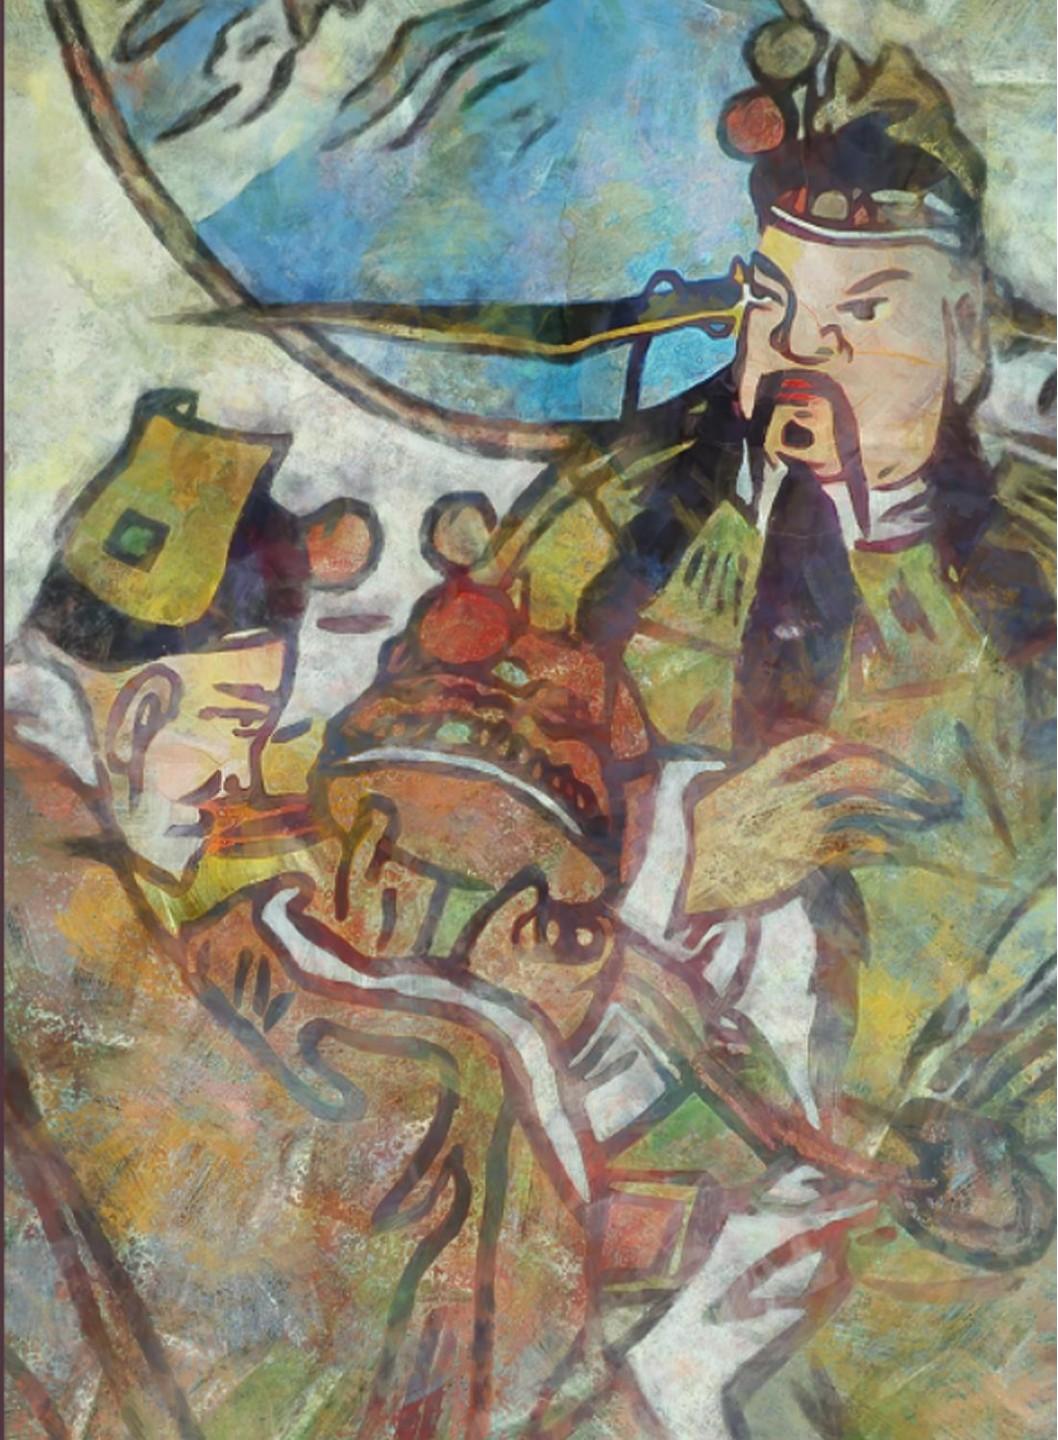

## **YOU REMEMBER LITTLE CHUCKY FROM THE OLD NEIGHBORHOOD, DON'T YA???**

YEA! That's the guy!

Saw him the other day and we spent an hour over the KitKat Bar's Happy Hour; I was very impressed that he was still among the living and even more surprised that he had lost so much weight from back in high school.

You know; he was always a large guy...and to see how skinny he has got...I was afraid that he was sick and might be looking for a donate to his medical bills...So I asked him straight up:

**"YA GOT CANCER OR SOMETHING?"**

He smiled and sat on my face for over an hour...  
Couldn't reach my phone to call 9-1-1...

Then to add insult, he cracked like a major WMD Fart directly in my face before letting me up...OK...like back in school...

So, I have give \$20 just like I use to give him my lunch money...

NA! He ain't changed a bit!

"The Warlord Khan's younger and more urban brother Teddy prepares for his upcoming gig as a stand-up comedian at the Kit-Kat Club down on Sunset...two shows a night (M-f) and a special quest shot at Applebee's for Sunday Brunch - he is waiting the back tables...tip well as his brother is a warlord!"

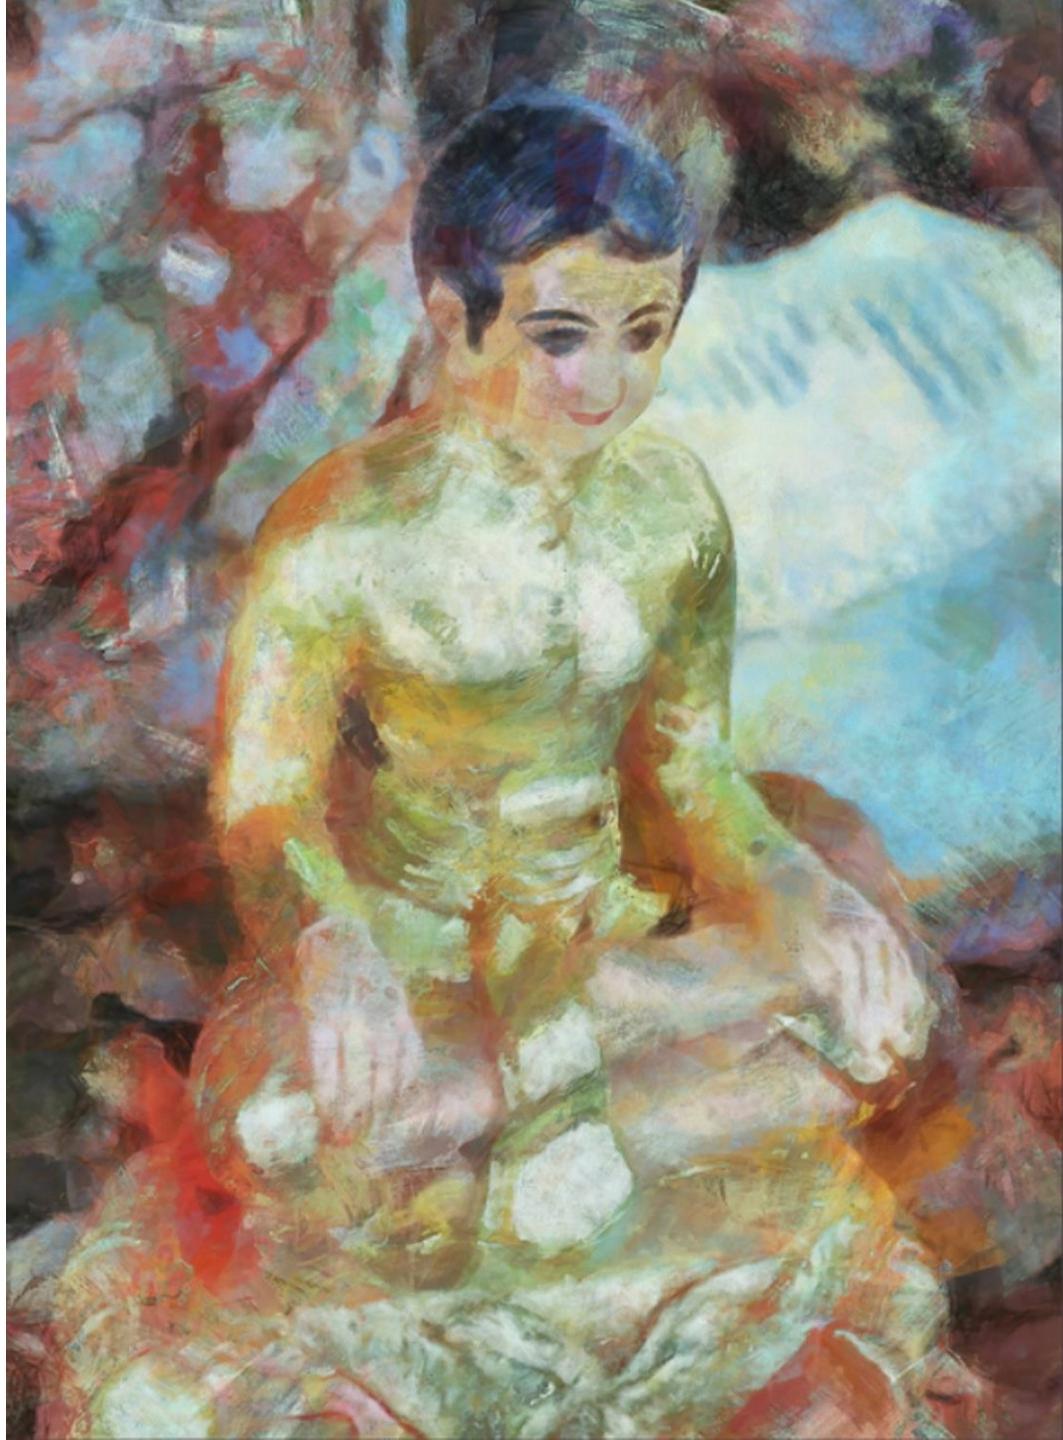

## YEA! WAT SOTHON'S CHINESE HALL...

Hidden directly behind the grand halls of Wat Sothon, back on the other side of the restrooms (not nasty as some have claimed but old fashion "squat and drop" toilets) there is a rather nice Chinese Hall that boasts a title (according to Googooolee Translate) of "Vegetarian Factory." "Vegetarian Factory?"

Yup! Go figure...

Most people stumble upon this in search of the restroom facilities at Wat Sothon.

Nowhere is this Chinese Temple noted other than in quick passing by one or two of the Dora Explorers or several not so bold restroom seekers. This is a shame as this is the yang to Wat Sothon and it's assembled minion clerical cadre and their diligent rent-a-cops who seemed to take great pleasure to introduce me to the numerous signs that forbid any camera usage other than your trusty cell phone (wink...wink!) that I seemingly "just didn't see" honestly!

## YEA! WAT SOTHON'S CHINESE HALL...

Sometimes, I get this if they run an onsite gift shop selling books or even postcards.

In that case, I am enough of a rogue capitalist to see their need to protect their revenue stream(s) and could accept that it has the cost of doing this Hobo Tours Industrial Complex.

As is the trend (which as an “OG” Hobo Tour Photographer... I truly hate) with most Chinese Temples that you travel to these days; they put everything behind the thick plastic-glass cages that makes it rather if not impossible to photograph.

Not sure as to the reason(s) behind this effort as I don't think that they have a problem with American-style flash mobs rushing the temple with looting in their hearts. I just don't see that being a true concern...and as of my writing this; no one has offered up the need to secure statues - not for my lack of asking.

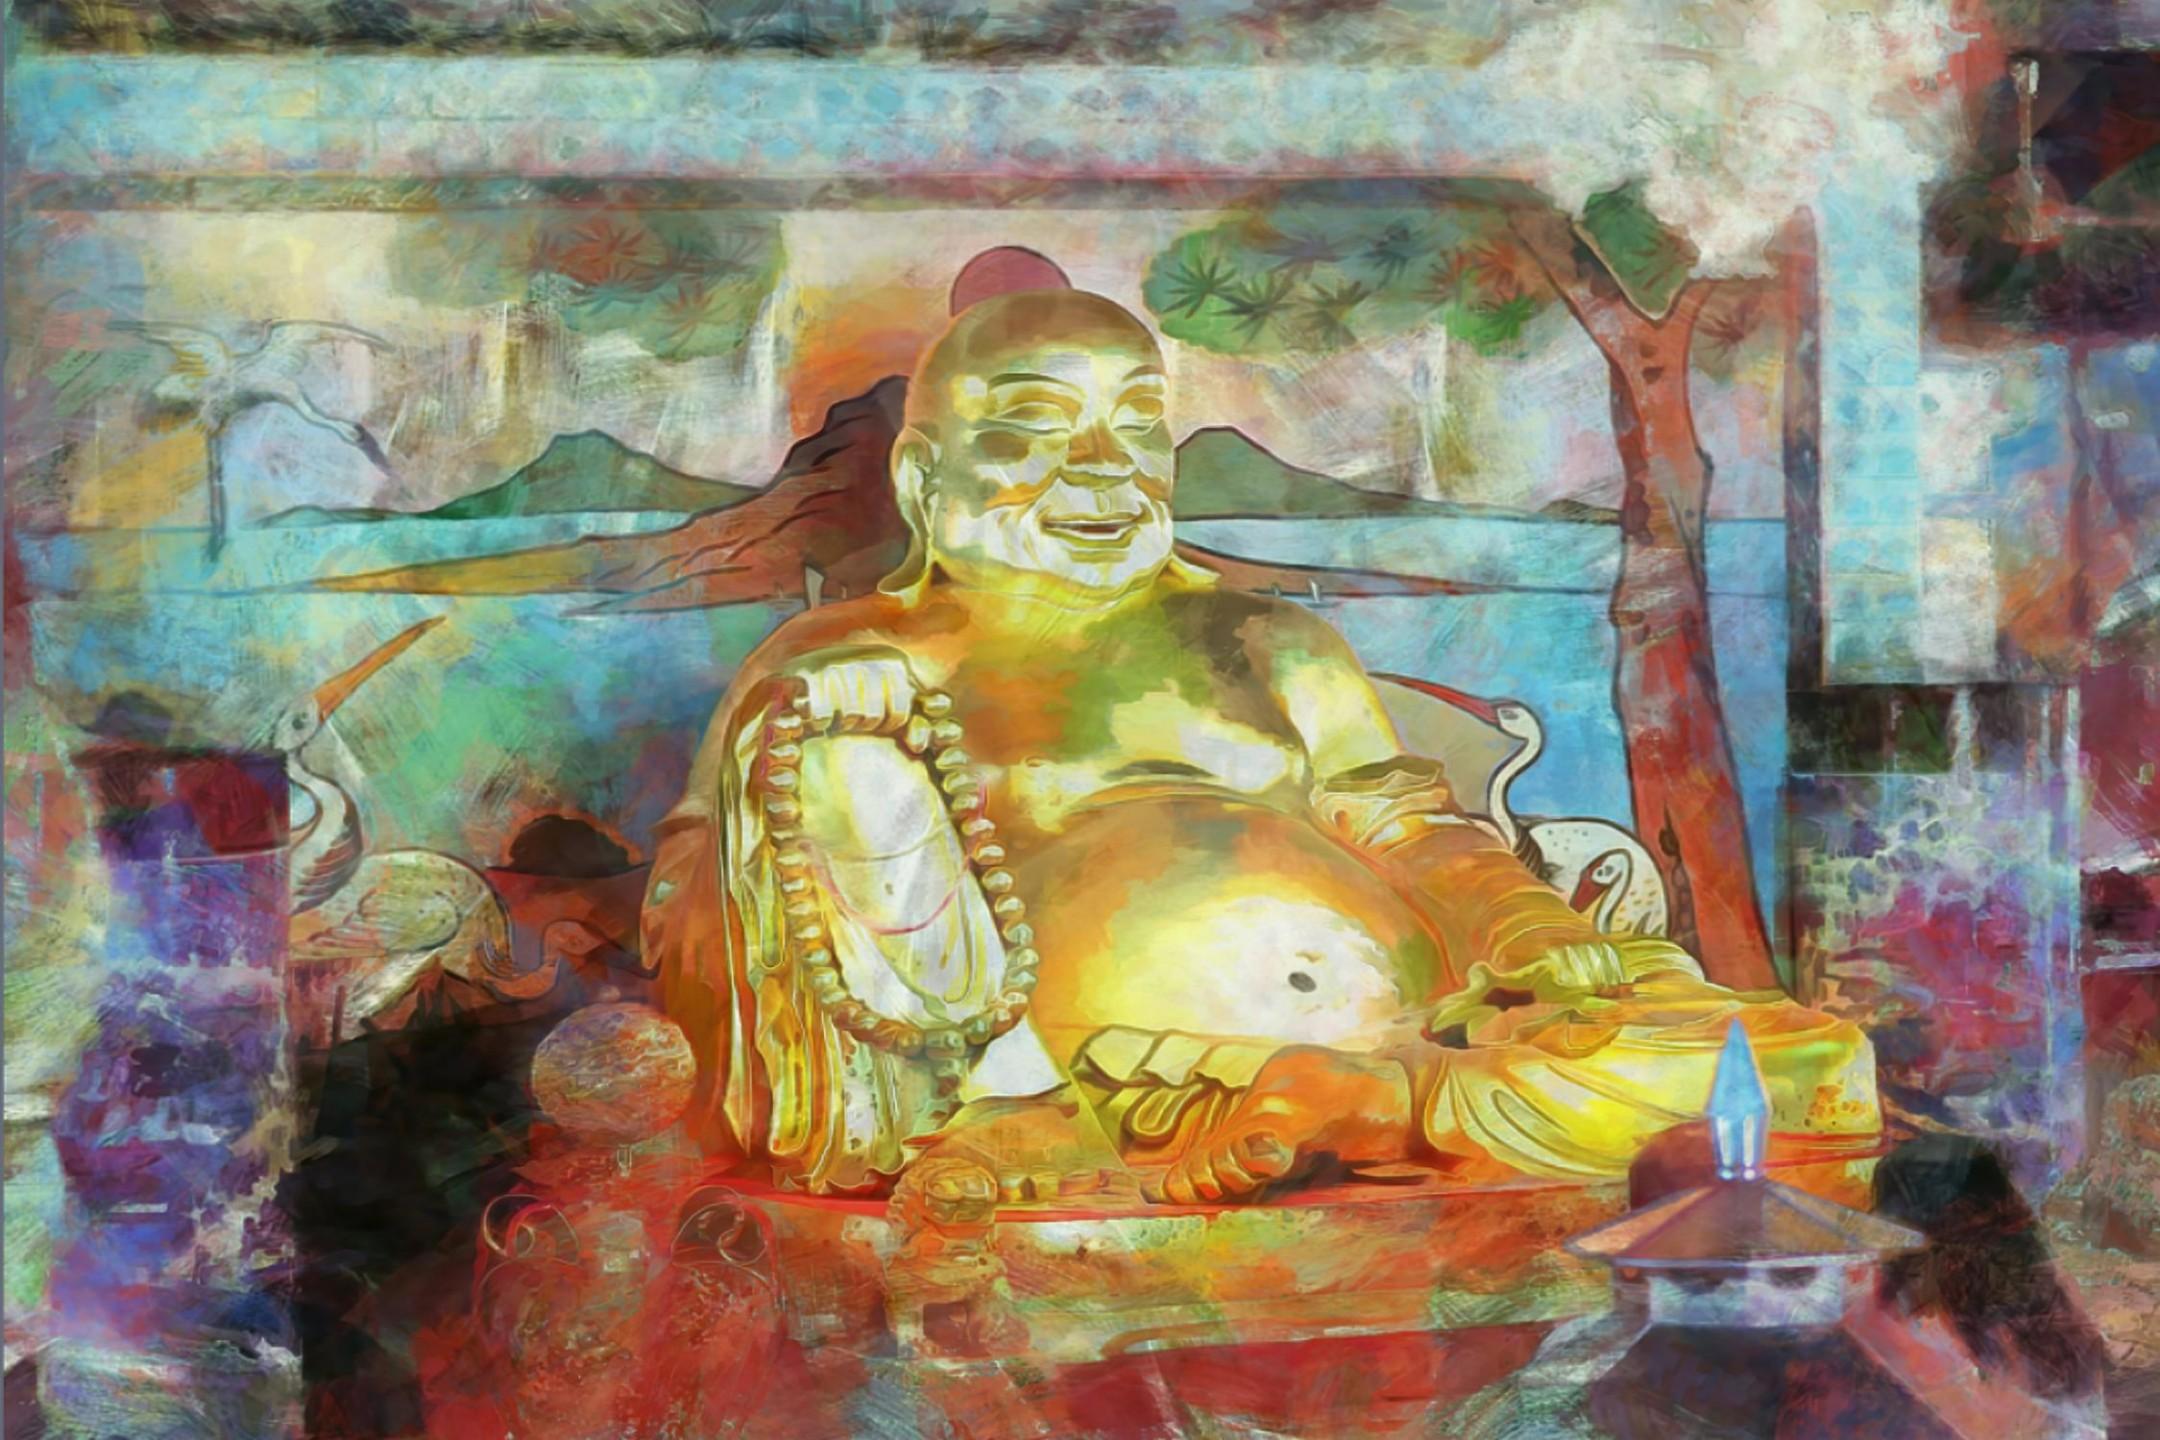

## UKRAINE...SEE IT'S COMPLICATED

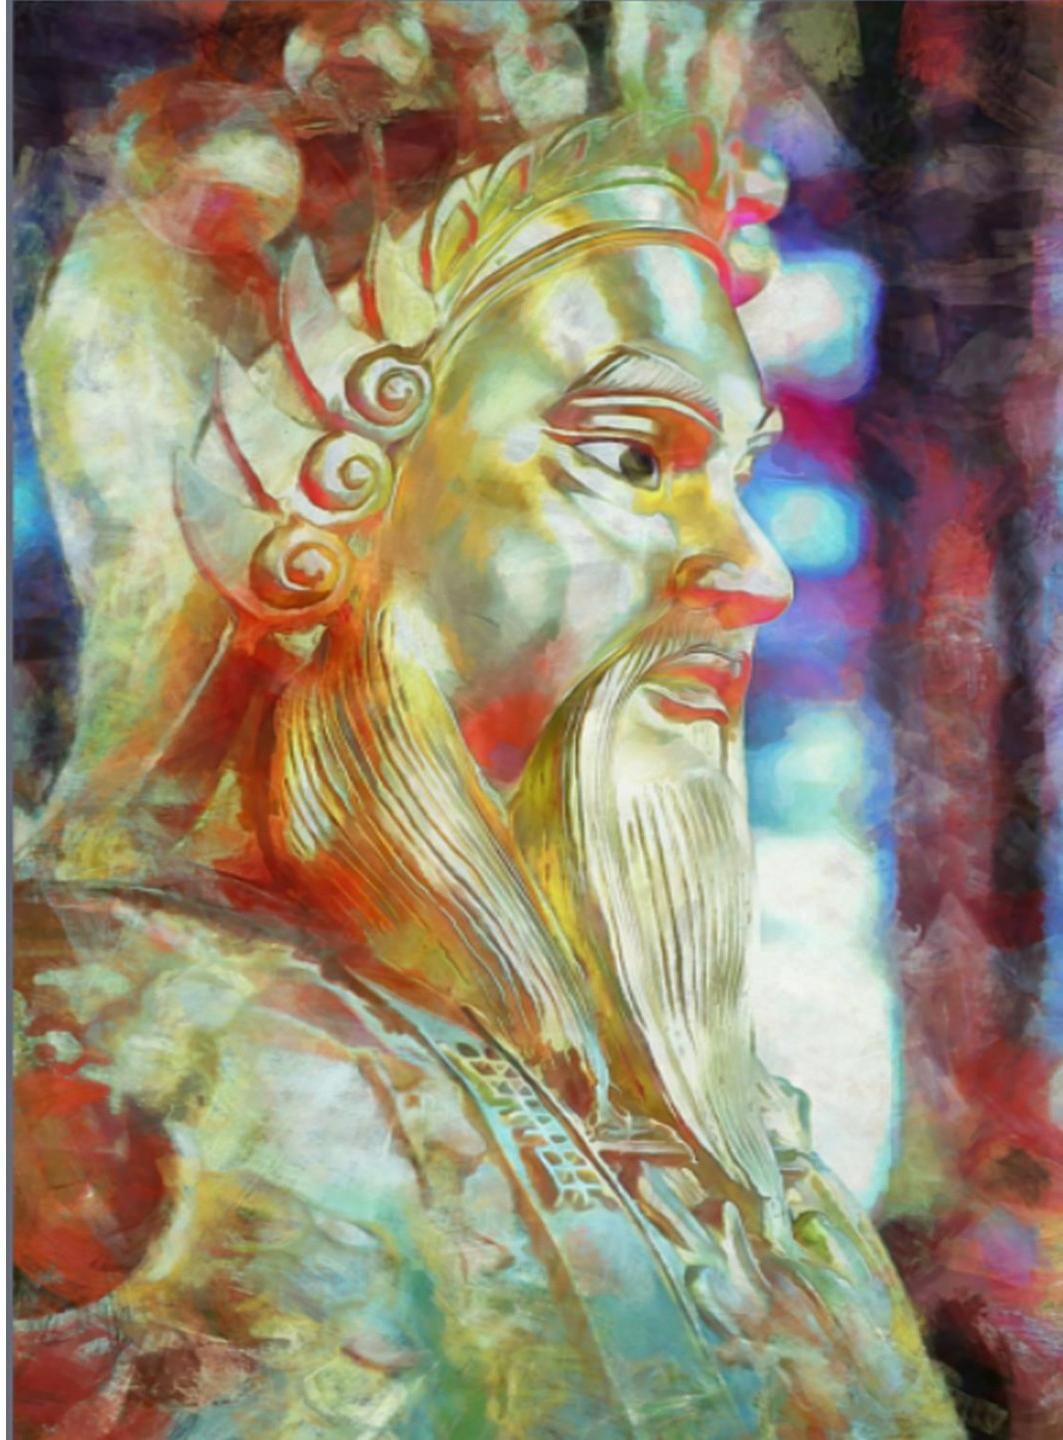

This war is far beyond what the corporate media, our Internet Warlords who dream of their own "Great Wall" and you see the truth that it was the CIA that created this by the CIA-created revolution that overthrew the elected government (who better appreciate the balance the Ukraine played as a buffer state between NATO and The Russians) and installed a new government that was loyal to them (**NOT** to America...There is a difference just like we did in Iraq) Then we (NATO) pokes the Russian Bear for eight years because we

## **UKRAINE...SEE IT'S COMPLICATED**

thought that we could because we believed that they were weak as they never pushed back and now with the Afghan Wars ending, the Daddy Warbucks of the Defense (WAR) Industrial Complex (think I am wrong? Each of those Javelin Missiles cost \$176K USD per unit) needs another war to make their stockholders smile (including a large number of politicians in numerous countries). Just think what yet another 20-year means to their corporate bottom line...as they smile and think what can the evil Putin really do?

## UKRAINE...SEE IT'S COMPLICATED

They are calling for "No Fly Zones" as they believe that when push comes to deciding to punch that red button; that Evil Man Putin won't go nuke...

If they were the cruel, drunken, murdering horde as our media paint them; why didn't they take the easy way and use their neutron bombs (you know what those are?

Googolee it if not...they are truly scary!) and be done with it.

"Drop in the AM...kill 3 million and by later afternoon, enter the city, raise the flag and start selling Kiev Condos

## UKRAINE...SEE IT'S COMPLICATED

on E-Bayer - as neutron bombs are designed to kill people not destroy real estate...

Something is wrong as a simple "Googooolee" search of the talking points of those Daddy Warbucks of the arms industry, old generals and arms PR fronts that are making the rounds up on the cable news and you will show a shocking truth that this is not the same that the same talking points have been made:

Havana -1898

Belgium - 1914/15

Tokyo - 1942-45

## **UKRAINE...SEE IT'S COMPLICATED**

Berlin - 1943 - 1985

Gulf of Tonkin - 1964

Kabul - 2001

Bagdad - 2001

The list could go on and on where the media worked overtime to make good people cry for war as they were told that "God is on our side!" even though common sense minds had rejected getting involved in a war that was actual much more complicated than we saw on the news...

## **FOLLOW DE MONEY!**

As "Watergate" Carl still shouts out

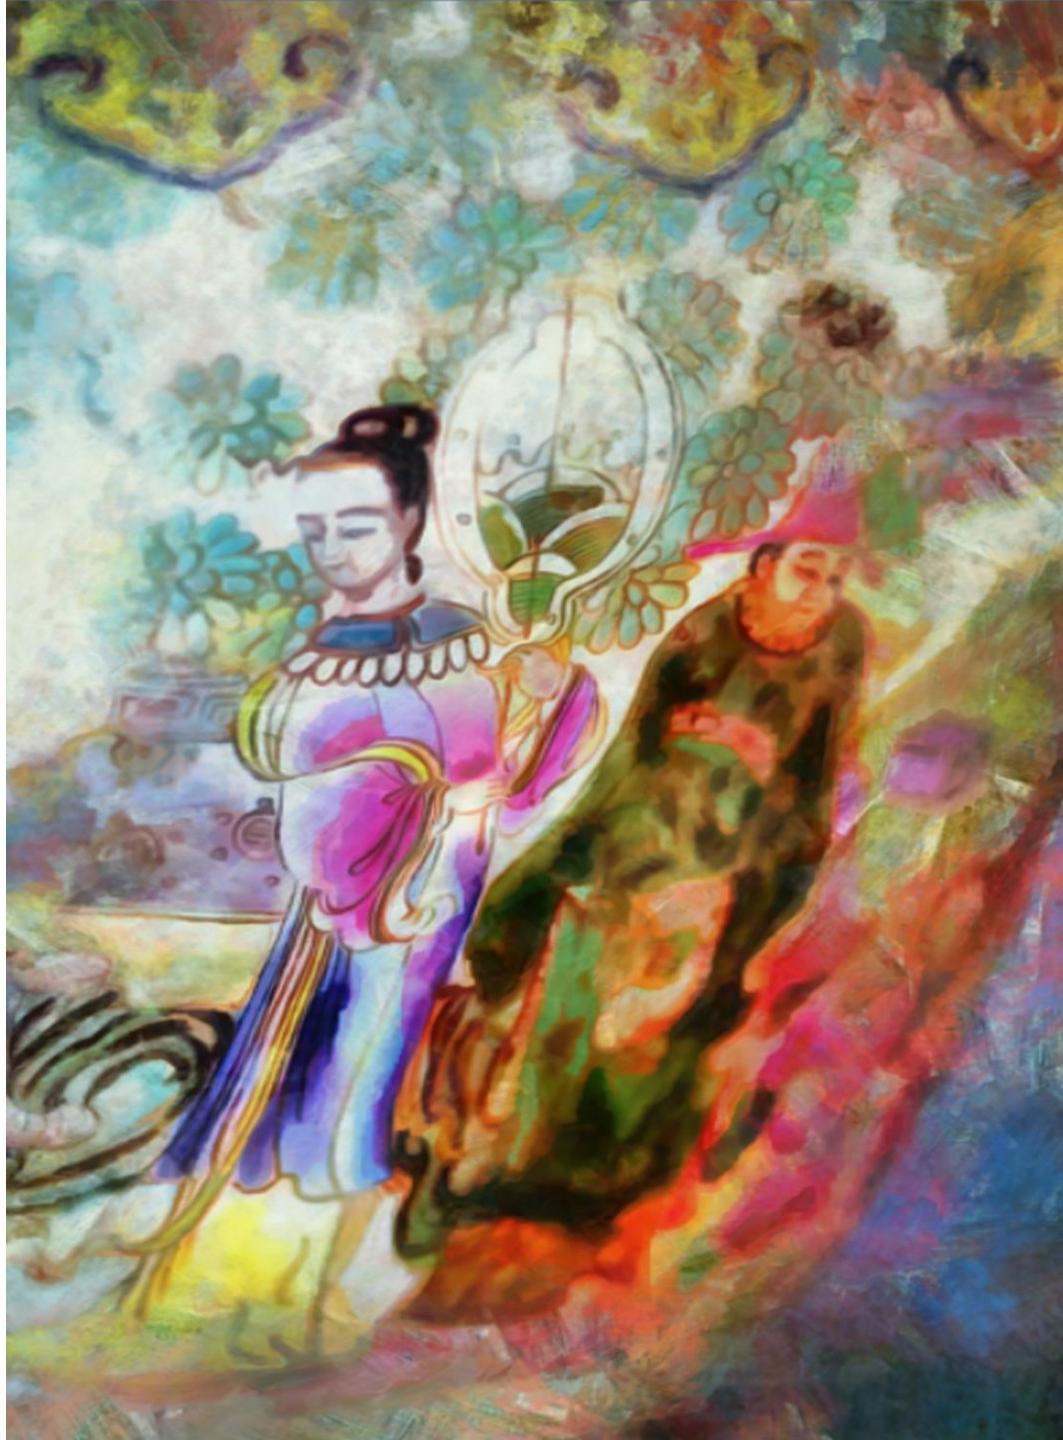

## **UKRAINE...SEE IT'S COMPLICATED**

(except here?) and ask who profits from this war and then connect the dots to the angry faces you see on the evening news...Screaming that God needs to smit the Evil Man Putin while ignoring the fact that God didn't listen when they screamed (ever louder...I believe) that same plea to God over the Evil Man Trump. You might be shocked too to discover the vested, conflicts these people have...as my friend Bernie used to say: "It's all about the money...you get the government that you pay for!" Sadly...WW3 hangs in the balance!

There comes a time when the winds of change start to blow and the earth shakes out of control..." I think Bob Dylan wrote that and with even a slight glance at the evening news proves this to be yet true, I believe even more than it did way back then.

Sometimes, the world seems to have gone mad and luckily for Emil...he is at home!

A month ago, Emil approached us about going to Kiev.

Why Kiev? It was commonly assumed here (at WWWG) that it must be for the chicken and more so, the bootleg, homebrewed, bathtub vodka that Emil was always praising next to North Carolina's finest moonshine whiskey as one of the greatest achievement of man.

At first, there was the cost of such a trip, the endless paperwork needed for a visa and the fact that the country is still at war but, the fact that Emil might go blind drinking homemade vodka, this won over even Emil's harshest critic (Mister Charles...WWWG's primo accountant), how was I to say "NO!" and I didn't.

When we last left Emil, Yuri and him were out in the borderlands, an active warzone, in Eastern Ukraine and from there, we catch up with Emil scurrying about, old town Moscow without any proper segway or explanation as to how or why he got there, at least not to our understanding. Where is Yuri?

Our first notice of trouble was an urgent email from our representative in Moscow (Kandi) about when she could expect payment for Emil's advance.

Our first response, was a classic "WHATZ?"

Seems that Emil had promised her a rather large payday for her advance work and advancing him rubles to live on – which amounted to a large sum due to the extremely high cost of living there.

Regrettably, she didn't take our response as well as we had hoped and this resulted in an unfortunate series of events that resulted in the filing of police reports over her pawning Emil's laptop at a local pawn shop in Moscow as a means of recouping her costs. This resulted in Emil handwriting this edition...
